

# Nicheless LED Underwater Light

## Model 3675 12 Volt Swimming Pool Light

The ProHayward 3675 Nicheless LED Light is available in RGB and White only, both models feature reliable SMD LED technology to offer long life and energy savings. With the RGB model you get the added benefit of having 7 fixed colors choices or 8 color changing shows at your fingertip. With the WHT model you have cool bright light.

**PROHAYWARD**

Total System: Pumps | Filters | Heating | Cleaners | Sanitization | Automation | **Lighting** | Safety | White Goods

The new ProHayward 3675 nicheless light is fitted with 333 bright SMD LEDs in 12V/24W to provide dazzling pool lighting. The RGB version provides 7 fixed colors choices or 8 color changing shows using the on/off switch to the light to select a fixed color or color show of your choice to set the perfect pool mood. Water flows through the rim to help eliminate stagnant water and provide effective cooling for the housing to assure longer lamp life of about 10,000 hrs. The light is easily mounted onto a rugged bracket for simple nicheless installation. The ProHayward LED nicheless light manufactured of rugged ABS with UV protection has 2.5m of cord and conforms to IP-68. The light has the Hayward logo embossed into the frame.

The ProHayward 3675 LED Nicheless light is an excellent value choice in pool lighting.
